

PRAYERS FOR OUR CHURCH

Psalm 16 says, “I always put the Lord in front of me; I will not stumble because he is on my right side.” Let’s pray for the new church initiatives that are growing in our Conference, that despite the obstacles and mistakes and challenges that might feel like “stumbling,” they will continue to put the Lord in front of them and follow God’s leading.

Dear God,

You make everything new, and your mercies are new every morning. We see you pushing us to grow through the new church communities that we envision and long for in our conference. As we pursue this calling to connect to new neighborhoods and towns in Kentucky with your message of grace and truth, help us to keep you always in front of our eyes. With you at our side, we will not stumble. Following you is safer than a known way. Even though we like our comfortable patterns, we ask you to break us out of them as a whole conference and do a new thing in Kentucky this year. We love you, and we will follow you. **Amen.**
